Md Ibrahim

+880 1830908673 ibrahim.cse242@gmail.com linkedin.com/in/md-ibrahim-7523a6187 github.io/ibrahim

Research Interest

- Machine Learning
- Medical Image Analysis
- Computer Vision
- Natural Language Processing

Education

Uttara University **Jan 2019 – Jan 2023**

Bachelor of Science in Computer Science and Engineering ,

CGPA: 3.83/4, class position: 2nd/50

Experience

Softzino Technologies **March 2023 – Ongoing**

Software Engineer *Uttara, Dhaka*

- Develop and maintain scalable enterprise applications using **Laravel, Vue.js, REST APIs, MySQL, and Docker**.
- Contribute to enterprise software development by translating business requirements into maintainable and reliable technical solutions.
- Currently working on an enterprise **Accounting System**, gaining hands-on experience in accounting domain workflows and business rules.
- Collaborate with senior software engineers and architects to design, implement, test, and improve production features.

Technical Skills

Languages: Python, C++, C, PHP, Java, HTML/CSS, JavaScript, SQL
Developer Tools: VS Code, Eclipse, Linux, Git, GitHub, GitLab, Figma
Familiar: Docker, Docker-compose, YAML, and AWS, CI/CD, Multi-factor Authentication, Macros
Technologies/Frameworks: Laravel, VueJS, MySQL, PostgreSQL, Rest API, Payment Gateway, Tailwind CSS, API Integration

Selected Projects

Accounting System | *Laravel, Vue.js, Inertia.js, TypeScript, PostgreSQL* **July 2026 – Present**

- Contributed to a **production-grade enterprise accounting platform**, implementing critical **AP, AR, General Ledger, and voucher workflows**.
- Translated complex accounting rules into reliable application logic across **Chart of Accounts, invoices, bills, payments, ledgers, and financial periods**.
- Contributed to technical decisions beyond feature delivery, refining backend data flows and edge-case handling to keep financial calculations **accurate and consistent**.

ST-Hrms | *Laravel, VueJs* **Feb 2026**

- Developed and enhanced **Payroll**, **Provident Fund (PF)**, and **Security** modules within a **multi-tenant** enterprise application.
- Implemented **multi-tenant architecture** with tenant-aware data isolation and secure access control.
- Designed and implemented **multi-layer encryption/decryption** for sensitive payroll data using **AWS KMS**, administrator-managed passphrases, and **key versioning**.
- Developed **two-factor authentication (2FA)** and **role-based authorization** for privileged users accessing encrypted payroll information.

Bariplus | *Laravel, VueJs, NuxtJs* **July 2025**

- Developed and maintained scalable web application features using Laravel, VueJs, REST APIs, and MySQL
- Implemented role-based authentication and permission management for multiple user types
- Integrated third-party services and APIs including Google APIs and external authentication/security services
- Built advertisement and promotional feature modules with dynamic content management capabilities
- Collaborated with cross-functional teams to deliver scalable and maintainable software solutions

Chatbox | *PHP, Laravel, VueJs, MySQL* **July 2025**

- This was a real-time messaging system. People can start a chat with a registered user.

Pro-video | *PHP, Laravel, VueJs, Intertia JS, MySQL* **February 2023**

- This was an e-commerce site. People could sell their videos, buy them, and affiliate with them.

ACSBD-Website | *PHP, Laravel, VueJs, MySQL* **March 2024**

- This was an e-commerce website project for AC Service BD

Task Management System | *PHP, Laravel, VueJS, MySQL* **January 2024**

Publications

Md. Sariful Islam, Jubayer Ahmed Shawon, Wahidur Rahman, **Md Ibrahim**, Mohammad Kaiser Ishaque, Md Tusher Ahmad Bappy, Kamrunnahar Mim, and Samia Yasmin, "Deep Learning Approaches for Mango Species Classification: Performance Metrics and Model Comparisons, 2024 27th International Conference on Computer and Information Technology (ICCIT)

Research Experience

Robiul Islam, **Md Ibrahim** , Tanzila Islam, Shamim Ara Sonia, Tanjida Dulon, "Enhancing Bangla Language Next Word Prediction and Sentence Completion through Extended RNN with Bi-LSTM Model On N-gram Language",

Competitive Programming

ACM ICPC Dhaka Regional | *Data Structure and Algorithms* **November 2022**

- It is one of the most prestigious programming contests in the world, each year among thousands of teams only some specific teams are selected for this contest
- I was lucky to participate in this well-known contest from my university

National Collegiate Programming Contest | *Graph, Tree, DSA* **October 2020**

- It is one of the renowned contests in my country, from the huge amount of teams only some specific university teams can participate in the contest

All Solved Progblems | *Codeforces, Uva, CodeChef* **Apr 2019 – Present**

- I've solved more than 1500 problems using various data structures and algorithms [Ref1] [Ref2] [Ref3] [Ref4]
- Participated in more than 500 online programming contests and 15 onsite programming contests [Ref4] [Ref5]

Select Honors and Awards

Deans Awards **January 2019,2020,2021**

- Every year this award is given to those students whose CGPA is greater than 3.75 and I got this award for my three academic years for maintaining the highest CGPA

PreCodeFest-Champions **November 2021**

- In 2021 UU organized this contest and my team Brain_Not_Found secured the first position among 20 teams and 60 participants

Joyjatra'50 TechFest **March 2021**

- I received a certificate of appreciation for my outstanding performance in Code Platoon as a Participant at Joyjatra'50 TechFest, 2021.

Leadership / Extracurricular

Vice President **Spring 2022 – Fall 2022**

Programming Club *Uttara University*

- This club is one of the biggest clubs in my university. Being a vice president of this club, I've organized a couple of programming contests, took numerous classes on data structure and algorithms

Participant **Spring 2022 – Fall 2022**

Binary Fest *Uttara University*

- Binary Fest is one of the biggest occasions along with Pitha Utshob, each year hundreds of students participate in this event. I was lucky to be a part of this. I was champion of a programming contest and a member of the champion football team
